DIVIDEND

Your Directors are pleased to recommend a dividend @ Rs. 1.50 per share on the equity shares of the Company for the year ended 31st March, 2014. If approved, the dividend will absorb Rs. 697.82 Lakhs (including Rs. 101.37 Lakhs towards dividend tax).

REVIEW OF OPERATIONS

Your Directors are pleased to inform that Company crossed the Rs. 1000 Crores turnover mark and has achieved Gross operating revenue of Rs. 1,037.16 crores during the year under review as against Rs. 897.62 crores in the previous year, thus registering an increase of 16% in gross revenue.

The production of D.I. Pipes during the FY 2013-14 was higher at 1,62,892 MT as compared to 1,57,753 MT for the FY 2012-13.

The production of Mini Blast Furnace (MBF), producing liquid metal mainly for Ductile Iron Pipe Plant was higher during the FY 2013-14 by 10.82% at 1,98,036 MT compared to 1,78,707 MT for the FY 2012-13. The production of Low Ash Metallurgical Coke was higher in FY 2013-14 by 9.66% at 1,37,339 MT as against 1,25,239 MT in FY 2012-13 and the power generation in 12 MW – Waste Heat Recovery Based Captive Power Plant was also higher in FY 2013-14 by 37.38% at 882 lakh units as against 642 lakh units in FY 2012-13. The production of cement during the FY 2013-14 was marginally higher

at 67,396 MT compared to 66,059 MT in the previous year.

Successful commissioning of Sinter Plant in the last quarter of the FY 2012-13, helped the Company during the year under review, in replacing high cost calibrated iron ore with iron ore fines. Resultant reduction in coke consumption and the favourable coal prices movement culminated into overall reduction in input cost.

This apart, the improved availability of captive power generation, during the year under review, minimized the incidence of power purchase from power exchange and also reduced the dependence on generation of power by DG Sets, thus leading to significant lower power cost during the FY 2013-14 as compared to FY 2012-13.

With the hedging policy of the company in place for the year under review the company prevented its foreign exchange losses inspite of unfavourable fluctuation in rupee-dollar equation.

With moderate growth in the volumes of D.I. pipes during the year under review, coupled with reduced cost of molten metal and captive power, your Company has achieved a pre-tax profit of Rs. 41.42 Crs in the FY 2013-14 as against a net loss of Rs. 21.32 Crs reported in the FY 2012-13.

FUTURE PROSPECTS

During the current year, the company has embarked an investment of Rs. 100 Crores by way of capital expenditure to improve the quality and production level of Ductile Iron Pipes. The company is adding certain balancing facilities which include enhancement of blowing capacity in MBF, additional induction furnace, new spinning machine with higher productivity, additional finishing line and other process automation equipments. This will result in increased production of Ductile Iron Pipes by 50000 MT per annum.

This investment will also enable the company to enter into export market. The project is funded by term loan and internal accruals.

In spite of intense competition in the domestic market, the order position of your company is comfortable for FY 2014-15. Barring unforeseen circumstances, on completion of these investments in 2014, the company will start getting the benefits of higher production from last quarter of current financial year.

CREDIT RATING

Your Company has been rated as "CARE A (Single A)" for long term bank facilities. This indicates adequate degree of safety regarding timely servicing of financial obligations and carry low credit risk. The rating assigned for short term facilities is "CARE A1 (A One)" and indicates having very strong degree of safety regarding timely payment of financial obligations and carries lowest risk.

ANNEXURE – ‘A’ TO DIRECTORS’ REPORT

Information as per Section 217(1) (e) of the Companies Act, 1956 read with Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988 and forming part of the Directors’ Report for the year ended 31st March, 2014.

A. CONSERVATION OF ENERGY:

a. Energy Conservation Measures taken:

- Revamping of battery No. 2 of Coke Oven Plant to arrest heat losses, this resulted in increased power generation.
- During power restrictions, reduced operation of DG sets and purchased power through Exchange to minimize diesel consumption.
- Power generation of 12 MW Captive Power Plant increased by 37% to its full capacity and the auxiliary consumption is reduced from 11% to 9%.
- Installed PLC system in D.I. Pipe Plant for energy conservation.
- Installed VFDs in D.I. Pipe Plant and Cement Plant to reduce the energy consumption.
- Modification of BFG system to reduce oil consumption further in annealing furnace.
- Installed Hot Air Generator in Cement plant to control Slag moisture to facilitate higher percentage of slag consumption.
- Installed additional capacitors bank in Coke oven plant and Cement plant to improve power factor.

b. Additional investments & Proposals, if any, being implemented for reduction of consumption of energy:

- Installation of 132 KV power sub-station

to improve quality of power and to minimize power intermediates.

- Installing VFDs for annealing furnace ID fan to reduce energy consumption.
- Installing solar street lights in common areas for promoting renewable energy.
- Introduction of cooling tower fan auto on/off system with water temperature to reduce energy consumption.
- Further modification of BFG system to reduce further oil consumption in annealing furnace.
- Initiating infrastructures for supply of steam to replace Oil in existing and upcoming Steam Curing Stations of D.I. Pipe Plant.
- Energy conservation is a continuous activity and it is the constant endeavor of the company to bring in awareness and encourage the employees to conserve energy at every stage through Small Group Activities.

c. Benefits derived from the above initiatives (a) and (b):

With the implementation of aforementioned energy saving measures, generation of DG power has come down significantly and consumption of energy in MBF, Coke oven plant has also reduced. Upon implementation of proposed energy saving measures, the cost of energy is expected to come down further, besides resulting in reduced oil consumption.

B. TECHNOLOGY ABSORPTION:

The Company is in the process of absorbing Chinese Technology for Spinning Machine and additional finishing line.

MANAGEMENT DISCUSSION & ANALYSIS

OVERVIEW

Lanco Industries Limited (LIL) promoted by Lanco Group in 1992 set up a Mini Blast Furnace (MBF) in 1994 with an installed capacity of 90,000 TPA to manufacture and sell Pig Iron to foundry units across India.

In 1998, LIL entered into an arrangement to supply Molten Iron and Pig Iron to Lanco Kalahasthi Castings Limited (LKCL) a company within the same campus engaged in the business of Iron Castings & Forging. LKCL later on added high technology Ductile Iron Pipes (DIP) manufacturing facilities to its portfolio.

In March 2002, India's pioneering D.I. Pipe manufacturer, Electrosteel Castings Limited (ECL) entered into a strategic alliance with LIL and LKCL by acquiring 46.43 and 48.89 percent stake in the companies respectively. In addition to technological support, ECL also infused fresh funds into LIL by way of equity participation and re-modeled the financial structure, thus reducing interest costs.

In 2003, the capacity of MBF was increased from 90,000 TPA to 1,50,000 TPA and the capacity of D.I. Pipes was increased from 60,000 TPA to 90,000 TPA at a capital outlay of approx. Rs. 35 Crores.

In 2003, LKCL got merged with LIL (with effect from 1st April, 2003) to take advantage of the close synergy in the business model of the two companies, since a large part of Pig Iron in liquid form is consumed by LKCL for manufacture of pipes.

In 2004, a major backward integration project comprising of 1,50,000 TPA Coke Oven Plant and 12 MW Waste Heat Recovery Based Co-generating Captive Power Plant at a capital outlay of Rs.88 Crores was started.

In 2005, 1,50,000 TPA Coke Oven Plant was commissioned and commercial production

was stabilized. The coke being produced is at par with international quality of LAM coke.

In 2006, the capacity of D.I. Pipes was further increased from 90,000 TPA to 1,20,000 TPA and the 12 MW Waste Heat Recovery Based Co-Generating Captive Power Plant was set up, which started generating power from March, 2007.

In 2007, Stamp Charging System was successfully implemented at Coke Oven Plant for producing quality metallurgical coke at a lower cost.

In 2008, the Company implemented ERP system (SAP) to support business process and effective resource planning and management.

In 2009, capacity of D.I. Pipes was increased from 1,20,000 TPA to 1,80,000 TPA.

In 2010, capacity of Mini Blast Furnace (MBF) for production of Liquid Metal/Pig Iron was enhanced from 150,000 TPA to 225,000 TPA.

In 2011, the Company's admired project to use primarily treated sewerage water of Tirupati Municipal Corporation for industrial purpose was commissioned successfully.

In 2012, capacity of Coke Oven Plant was enhanced from 150,000 TPA to 225,000 TPA by installing 3rd Coke oven battery. Moreover, installation of additional boiler in the 12 MW Captive Power Plant was also successfully commissioned, resulting in full utilization of capacity of the Power Plant. Further, the project for installation of Sinter Plant has been successfully commissioned in the last quarter of the FY 2012-13, whereby the usage of lump ore in MBF has been substituted with major quantity of iron ore fines.

During the FY 2013-14, the Company has successfully completed the extension of its

railway siding for catering placement of more rakes resulting in improved logistics. Further, the Company has envisaged to augment its DI Pipes production by about 50,000 TPA and in this process is adding certain balancing facilities which include enhancement of blowing capacity in MBF, additional induction furnace, new spinning machine with higher productivity, additional finishing line and other process automation equipments, besides taking up certain modifications for improvement in the overall efficiency of Mini Blast Furnace.

This will result in increased production of Ductile Iron Pipes to 2,25,000 TPA.

VALUE ADDITION

It has been the constant endeavour of the Company to create value addition in every facet of Company's operations, which the Company believes as the major factor in reinforcing the value chain in terms of cost reduction and productivity improvement. Installation of additional boiler and the Sinter plant continued to result in higher power generation and lower input cost.

THE YEAR IN RETROSPECT (2013-14 VS. 2012-13)

The volumes of production and sales of Company's products reflected a moderate growth during the year 2013-14.

** Despatches include 17,429 MT (Previous year 17,283 MT) used for captive consumption.

1,37,339 MT coke was produced in the Coke Oven Plant for captive consumption during 2013-14 vis-à-vis 1,25,239 MT in 2012-13.

The 12 MW Waste Heat Recovery Based Co-Generating Captive Power Plant of the Company generated 882 lakh units of power compared to 642 lakh units in FY 2012-13.

The gross operating revenue of the Company increased from Rs. 897.62 Crs. in FY 2012-13 to Rs. 1,037.16 Crs. in FY 2013-14 registering an increase of 16%. With reduced cost of molten metal and captive power coupled with moderate growth in the volumes of D.I. pipes during the year under review, your Company has achieved a pre-tax profit of Rs. 41.42 Crs in the FY 2013-14 as against a net loss of Rs. 21.32 Crs reported in the FY 2012-13.

INDUSTRY OUTLOOK

The Government of India is committed for higher investment in the water Sector.

It is expected that the demand for Indian pipe industry will continue to remain healthy, considering Government's focus for water infrastructure projects, resulting in growth of the pipe industry.

BUSINESS

Raw Materials Management

The full-fledged operation of Sinter Plant of the Company during the year under review has helped the Company in reducing the dependence on lump ore to a greater extent, as the same is replaced with iron ore fines. As iron is one of the major raw material components of the Company, the cost of raw material has come down compared to previous FY 2012-13.

Quality

The Company renews its commitment to ensure reliable quality and in turn earns customer satisfaction, through continuous perseverance of its Quality Assurance Policy.

In order to accomplish this, the company strives to detect and prevent any non-conformance during production and implement the means to prevent its recurrence. We emphasize on upgrading technology and improving techniques, systems, procedures and to carry out continuous innovation to meet changing customer needs. We continuously focus on creating most congenial and healthy working environment for attainment of quality goals with excellence.

We remain focused on strict adherence to international quality standards and as a mark of quality assurance and our commitment to total customer satisfaction, we are accredited with ISO 9001:2000 certification and the Ductile Iron Pipes manufactured by the Company are Kite Mark licensed as approved by BSI, UK.

Safety, Health & Environment

The Health, Safety and Environment Committee has been constituted, inter alia, to monitor and ensure maintaining the highest standards of environmental, health and safety norms and compliance with applicable pollution and environmental laws at all plants across the Complex and to recommend measures, if any, for improvement in this regard.

The Committee reviews the Health, Safety and Environment Policy of the Company, performance on health, safety and environment matters and the procedures and controls being followed across the plant and compliance with the relevant statutory provisions.

The objective of our comprehensive health care programme and Group Medical Insurance is to provide medical coverage to employees and their families, so as to make them medically

secure and improve the quality of life. In order to meet the health care objectives, we have a Primary Health Center, which is fully staffed with a professional Medical Officer assisted by para-medicos.

We have implemented environmental management systems that have been certified as meeting the requirements of international standard ISO14001 and these systems provide us with a framework for managing compliance and achieving continuous improvement. Our overall environmental performance is subject to ongoing and detailed scrutiny by the top Management, which continuously guides the Team in maintaining and ensuring highest level of environmental standards.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

We recognize and embrace our commitment to the communities in which we operate and we believe the private sector plays a vital role in creating a level playing field, driving innovation and building an environment that enhances education and entrepreneurship to foster economic growth. Our social investment strategy is based on our vision to help the society run better and improving people's lives.

We are committed to making a positive contribution to society in a number of ways. As a policy, we promote and encourage economic, social and educational development within the communities; we operate – while also giving active support to local initiatives.

It has been our constant endeavour to provide preventive healthcare services to the public in the nearby villages to improve levels of health amongst the community. Medical Camps are regularly conducted in the villages by our Medical Officer and the treatment is extended to the people visiting the Camps.

While recognizing the threat of global warming, we have been taking several initiatives to

counter this impact. Acknowledging this, we are committed to reducing greenhouse gas emissions by effectively utilizing the same in our Captive Power Plant for power generation and for gas firing in the Annealing Furnace.

INFORMATION TECHNOLOGY

We strongly believe that Information Technology (IT) is a vital and integral part of our business and it is the best tool that improves the quality and efficiency of our work. The strategic use of information technology can help organizations increase their competitive advantage and make considerable improvements in operating performance.

We are continuously focused on developing a business strategy with an IT component that is aligned with business objectives and is supported by sound business justification, which enable the organization to improve performance, increase productivity, and serve customers more effectively. It will also help mitigate the risks involved with technology decisions.

SAP has been adopted in all spheres of Organization's transaction system and the Company has been able to reap the benefits from industry-specific ERP solutions, which helped in developing comprehensive set of integrated, cross functional business processes, leading to enhancing the overall reporting and analytics environment to a greater level that facilitates operational management.

HUMAN RESOURCES

We believe that human resource management system of a company has a significant impact on individual and organizational effectiveness and brings consistency in human resource management practices and improves human relations in the company. With this object the Company has set up an effective HRMS, which is continuously focused on a strategic objective and works by improving employee

knowledge, skills, motivation and contribution opportunities. Based on their overarching goal, human resource management systems contribute to organizational effectiveness in multiple ways.

As part of Company's learning and development initiatives, the exercise of identifying skill sets of employees and career mapping is carried out on a regular basis and job-specific/need based training programmes are conducted across all levels of employees for skill upgradation and career development. The Company has also embarked on developing a Performance Linked Incentive Scheme for all the employees directly involved in the production. The Company also supported development of employees at managerial level with a Key Result Area (KRA) based Performance Management System.

Greater emphasis is given for employee participation for productivity improvement and operational efficiency involving all levels of employees through Kaizens and formation of Small Group Activities.

RISKS AND CONCERN

This has been dealt with separately in the Annual Report under "Risk Management".

INTERNAL CONTROL SYSTEM AND ITS ADEQUACY

The Company has an adequate system of internal controls in place. It has documented procedures covering all financial and operating functions. These controls have been designed to provide a reasonable assurance with regard to maintaining of proper accounting controls, monitoring of operations, protecting assets from unauthorized use or losses, compliances with regulations and for ensuring reliability of financial reporting. The Company has continued its efforts to align all its processes and controls with global best practices in these areas as well.

The Company has a well-established multi-disciplinary Internal Audit team, which reviews and reports to management and the Audit Committee about the compliance with internal controls and the efficiency and effectiveness of operations and the key process risks. Audit Committee of the Board of Directors, comprising independent directors, regularly reviews the audit plans, significant audit findings, adequacy of internal controls, compliance with Accounting Standards as well as reasons for changes in accounting policies and practices, if any.

OPPORTUNITIES & THREATS

Govt. of India's emphasis on rural water management, water and sewerage infrastructure development will be fulfilled only when there will be proper transportation of water to the end-user. This is one of the major demand drivers of the pipe industry. However, intense competition in the domestic market and volatility in the prices of major inputs may affect the margins.

OUTLOOK

With the completion of the expansion, the production of D.I. Pipes is expected to go up by 50,000 MT per annum, resulting in improved top-line and bottom-line of the Company. This apart, the continued surge in the demand for DI pipes is likely to contribute positively for the growth of the Company.

CAUTIONARY STATEMENT

Statements in the Management Discussion and Analysis and Directors' Report describing the Company's objectives, projections, estimates, expectations may constitute a "forward-looking statement" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting demand/supply and price conditions in the domestic markets in which the Company operates, changes in the Government Regulations, tax laws and other statutes and other incidental factors.

RISK MANAGEMENT

The Company is continuously focused on recognizing the risks involved in its business and is determined to put in place a sound risk management system, which reinforces its risk management competency. Risk management forms an integral part of the business planning and review cycle. The company's risk management system is designed to provide reasonable assurance that objectives are met by integrating management control into the daily operations.

ECONOMIC RISK

Due to high level of un-predictability in the prices of major raw materials used by the Company, it is open to the risk of narrowed margin.

To avoid this risk, the Company has been initiating various actions from time to time like entering long term contracts for supply of critical and major raw materials to ensure that impact of price volatility is minimized. Further, in order to reduce the dependence on procurement of major raw materials from outside sources like coke, iron ore etc., the Company has already installed additional battery at its Coke Oven Plant and set up Sinter plant to replace usage of high cost calibrated ore with iron ore fines to a greater extent. In addition to this, it has been the constant endeavour of the Company to stay focused on various cost cutting measures to minimize the margin risk.

COMPETITOR RISK

Intense competition in the domestic market may have an effect on the capacity utilization and profitability of the Company. However, the proposed developmental project enable the Company to enter into export market and the Company is determined on its continued efforts for expanding its foot prints in the overseas markets.

Besides, the high water & sewerage infrastructure investments and urbanization will continue to trigger demand for the DI pipes in the country.

ENVIRONMENT RISK

By virtue of its manufacturing process, the Company is exposed to the risk of environment pollution.

The company has implemented environmental management systems that have been certified as meeting the requirements of international standard ISO14001 and these systems provide us with a framework for managing compliance and achieving continuous improvement. Further, it has been the constant endeavour of the Company to emphasize regular focus on sustainable improvement of its Environmental Management System, which lowers the ramifications of its process on the environment.

INDUSTRIAL RISK

The Company, being labour concentrated, is open to the threat of labour unrest and instability.

The Company continuously stay focused on initiating various welfare measures, which helps in keeping the morale and motivation of its people high so as to attract and retain the employees for a longer duration. The Company has been able to maintain harmonious and cordial labour relations by implementing good IR practices and there have been no loss of man-days and production disturbance on this account.

FOREIGN EXCHANGE RISK

Considering overseas procurement of raw materials, machinery and exposure to External Commercial Borrowings, the Company is exposed to foreign exchange risk.

To mitigate this risk, the Company's Forex Management Committee frequently reviews its foreign exchange exposure and adopts comprehensive risk management system and hedges its foreign exchange exposure by implementing strategy of selective and systematic hedging of instruments forward contract, options etc.

PAYMENT RISK:

The company's major customers being Govt.

Bodies and PSUs, it is exposed to the risk of payment.

The Company regularly reviews its debtors position and take appropriate actions for the recovery of receivables. Besides, the strict evaluation process adopted by the Company for assessing credit worthiness of its customers and the strategy of covering majority of supplies through Letters of Credit and Bank Guarantee has minimized the risk of default.

INDEPENDENT AUDITOR'S REPORT

To
The Members of
LANCO INDUSTRIES LIMITED

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of **LANCO INDUSTRIES LIMITED** ("the Company") which comprise the Balance Sheet as at 31st March 2014, the Statement of Profit and Loss and the Cash Flow Statement for the year ended on that date and a summary of significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India including Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act") read with the General Circular 15/2013 dated 13 September 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013. The company's shares are listed on the National Stock Exchange Limited and the Bombay Stock Exchange Limited and the shares are traded regularly.

1. SIGNIFICANT ACCOUNTING POLICIES:**A) Basis of Preparation**

The financial statements are prepared in accordance with Generally Accepted Accounting Principles in India (GAAP) under the historical cost convention on the accrual basis except as disclosed in the notes and materially comply with the mandatory Accounting Standards as prescribed by the Companies (Accounting Standards) Rules, 2006, the provisions of the Companies Act, 2013 (to the extent notified) and the Companies Act, 1956 (to the extent applicable) and guidelines issued by the Securities and Exchange Board of India (SEBI) and the Institute of Chartered Accountants of India except to the extent disclosed in the following notes. The accounting policies adopted in preparation of financial statements are consistent with those of previous year except for change in accounting policy initially adopted or a revision to the existing accounting policy that requires a change as against the one hitherto in use.

B) Use of Estimates

The preparation of financial statements

requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures relating to contingent liabilities as at the Balance Sheet date and the reported amounts of income and expenses during the year.

Contingencies are recorded when it is probable that a liability will be incurred and the amounts can reasonably be estimated. Differences between the actual results and estimates are recognized in the year in which the results are known / materialized.

C) Fixed Assets and Depreciation:**1) Tangible Assets:****i) Gross Block:**

- a) Fixed Assets are stated at cost of acquisition inclusive of freight, duties, taxes and incidental expenses related to acquisition with due adjustments for Cenvat / VAT credits.
- b) Capital Work-in-progress includes Machinery to be installed, Construction & Erection Materials, and unallocated preoperative expenses etc.

29.Disclosure of Trade Payables under current/Non Current liabilities is based on the information available with the company regarding the status of the suppliers as defined under the “Micro, Small and Medium Enterprises Development Act, 2006” (the Act). There are no delays in payment made to such suppliers and there is no overdue amount outstanding as at the Balance Sheet date. Based on the above the relevant disclosure u/s 22 of Act are as follows:

	Rs. in Lakhs
Principal amount outstanding at the end of the year	Nil
Interest amount due at the end of the year	Nil
Interest Paid to suppliers	Nil

30.A) Pursuant to the Companies (Accounting Standards) Amendment Rules, 2011 vide GSR 914(E) dated 29th December, 2011, the Company has exercised the option of adjusting the cost of assets, for the exchange differences arising on long term foreign currency monetary items, in respect of accounting periods commencing from 1st April, 2011, which were hitherto recognized as income or expenses in the period in which they arose. As a result, such exchange differences so far as they relate to the acquisition of depreciable capital assets have been adjusted with the cost of such assets, to be depreciated over the balance useful life of the respective assets. Consequently, the Fixed Assets – Rs.1692.29 Lakhs (Previous year Rs.496.24 Lakhs) and Capital work-in-progress – Rs.104.30 Lakhs (Previous year Rs.28.29 Lakhs) is higher and charge to the Statement of Profit and Loss is lower to that extent.

B) During the year the company has capitalized the following interest during construction and Pre-operative expenses, allocating them to respective Fixed Assets, consequently the expenses disclosed under the respective heads are net of amounts capitalized by the company:

**(EXPLANATORY STATEMENT PURSUANT TO SECTIONS 102 AND 110
OF THE COMPANIES ACT, 2013)**

Item No. 5

The Directors of the Company believe that as the core business activity of the Company is manufacturing and selling of Ductile Iron Pipes, it is prudent to reflect the core business in the name of the Company. In order to reflect the main business activity of the Company in its name and the Unit being located at Srikalahasthi, the Board of Directors of the Company are in accord for changing the name of the Company from “Lanco Industries Limited” to “**Srikalahasthi Pipes Limited**”.

The Directors also feel that the Company will still enjoy better market reputation and customer’s reliance upon change of name, which is consequential to the modification/alteration in the name of the Company.

On an application made by the Company, the Registrar of Companies confirmed the availability of the proposed name, however, subject to the approval of the same by a special Resolution by the members, and approval of the Registrar of Companies.

With the change of name as proposed, if approved, the share certificates will be required to be exchanged with new certificates and with the new name of the Company inserted by replacing the same scrip and consecutive

numbers and all other documents as applicable, as per the provisions of the Companies Act, 2013.

None of the Directors or key managerial personnel of the Company or their relatives, except to the extent of their shareholding in the Company, if any, is concerned or interested, financially or otherwise in the resolution as set out in Item No.5 of the Notice.

The Directors recommend the special resolution set forth in the Notice above for the approval of the members.

Item No. 6 & 7

The Companies Act, 2013, inter alia, prescribed certain specific procedures for selection, appointment and remuneration of Independent Directors (IDs), besides their term can be for a period upto five consecutive years and are not liable to retire by rotation during this period.

Accordingly, the following Directors appointed earlier in terms of the erstwhile applicable provisions of the Companies Act, 1956 and Clause 49 of the Listing Agreement, are proposed to be appointed as non-executive independent directors for a term of five consecutive years, in compliance with the provisions of Companies Act, 2013.

Item No.	Name of the Director	Earlier appointment
6	Mr. G. Maruthi Rao Non-executive Independent Director	Co-opted as a Director of the Company on 30th March, 2002. He is a member of the Audit Committee, Nomination and Remuneration Committee and Corporate Social Responsibility Committee.
7	Mr. R.K. Khanna Non-executive Independent Director	Co-opted as a Director of the Company on 9th February, 2013. He is the Chairman of the Audit Committee and a member of Nomination and Remuneration Committee, Stakeholders’ Relationship Committee and Corporate Social Responsibility Committee.

In terms of Clause 49 (IV) (G) of the Listing Agreement with the Stock Exchanges, a brief profile of these Directors, who are proposed to be appointed as Directors in this meeting for a term of five years in terms of the applicable provisions of the Act, 2013, nature of their expertise in specific functional areas, their other directorships and committee membership are appended to the Notice annexed hereto.

The aforesaid Directors satisfy the criteria and other attributes for appointment as IDs as per the requirements of the Companies Act, 2013 and, being eligible, offer themselves for appointment, for a term of five consecutive years from the conclusion of the AGM.

Both the Nomination and Remuneration Committee and the Board were of the Opinion, after evaluation of their performance and other attributes, that their continued association would be of immense benefit to the Company and it is desirable to avail their services as IDs for the said term of five consecutive years. Both the directors fulfill the terms and conditions specified under the Act, 2013 and rules made thereunder for the appointment as IDs by the shareholders and are independent of the management. The IDs are entitled to receive remuneration by way of fees and reimbursement of expenses for participation in the meetings of the Board and / or Committees and profit related commission in terms of Section 197 and other applicable provisions of the Companies Act, 2013, as determined by the Board from time to time, within the overall limits specified under the Companies Act, 2013.

Notices have been received from member of the Company under Section 160 of the Companies Act, 2013 along with requisite deposit amount signifying the intention to propose the candidatures of the aforesaid IDs and to move the resolutions set out in item Nos. 6 & 7 in the Notice to be approved by the shareholders, by way of Ordinary Resolution.

Except Mr. G. Maruthi Rao & Mr. R.K. Khanna, none of the other Directors or key managerial personnel of the Company or their relatives, except to the extent of their shareholding in the Company, if any, is concerned or interested, financially or otherwise in their respective resolutions for appointment as set out in Item Nos. 6 & 7 of the Notice.

Item No. 8

Under the Companies Act, 2013, Directors have been entrusted with new responsibilities to make their role more objective and purposeful. Keeping in view the enhanced role, responsibilities and duties of Directors, it is considered appropriate that the remuneration payable to the Directors by the Company should be commensurate with their increased role, responsibilities and duties.

Section 197 of the Act provides for payment of remuneration to the directors as under:

- a) Payment of remuneration to more than one managing director / whole-time director shall not exceed 10% of the net profits of the Company to all such directors; and
- b) Payment of remuneration to directors who are neither managing directors nor whole-time directors (that is non-executive directors) shall not exceed 1% of the net profits of the Company.

The Board of Directors of the Company has, subject to the approval of members of the Company, proposed to remunerate any or some of the Non-executive Directors (i.e. directors other than the Managing Director and the Whole-time Directors), as decided by the Board from time to time, not exceeding in aggregate one percent of the net profits of the Company for each financial year, starting from the FY 2014-15 as computed in the manner laid down in Section 198 of the Act; and the said remuneration to Non-executive Directors shall be in addition to the sitting fee payable to

them for attending meetings of the Board and Committees thereof.

Except the non-executive directors to whom the payment of remuneration is proposed, none of the other Directors or key managerial personnel of the Company or their relatives, except to the extent of their shareholding in the Company, if any, is concerned or interested, financially or otherwise in the resolution set out at Item No.8 of the Notice.

The Directors recommend the special resolution set forth in the Notice above for the approval of the members.

Item No. 9

The Board of Directors at its meeting held on 27th April, 2012 and the Shareholders at the Annual General Meeting of the Company held on 27th August, 2012 had approved payment of remuneration not exceeding 3% of net profits of the Company within the overall limits specified in the provisions of erstwhile Companies Act, 1956 to Shri Mayank Kajriwal, Managing Director of the Company till the period of his tenure.

In view of the contributions made by Shri Mayank Kejriwal in taking the Company to the new heights and considering his extensive knowledge of Company's operations and rich experience and expertise in managing the affairs of the Company, the Nomination and Remuneration Committee of the Company at its meeting held on 3rd May, 2014 felt it appropriate to increase the overall remuneration payable to him by way of commission from 3% of the net profits of the Company to 5% of the net profits starting from the FY 2014-15 till expiry of his present term and accordingly

recommended the same for the approval of the Board.

The Board of Directors of the Company, subject to the approval of members of the Company, proposed to increase the remuneration payable to Srhi Mayank Kejriwal, Managing Director from 3% of the net profits of the Company to 5% of the net profits of the Company starting from the FY 2014-15, till expiry of his present term, as computed in the manner laid down in Section 198 of the Companies Act, 2013. The said increase in the remuneration of Managing Director is within the overall limits prescribed under Section 197 of the Companies Act, 2013.

The Committee members discussed the matter and thereafter recommended for the approval of the Board the proposed increase in the overall ceiling of payment of remuneration payable to the Managing Director from 3% of the net profits of the Company to 5% with effect from the FY 2014-15, as computed in the manner laid down in Sections 197 and 198 of the Companies Act, 2013, which is now placed before the shareholders for their approval.

Except Shri Mayank Kejriwal, Managing Director, none of the other Directors or key managerial personnel of the Company or their relatives, except to the extent of their shareholding in the Company, if any, is concerned or interested, financially or otherwise in the resolution set out at Item No. 9 of the Notice.
